1	112	27		1 on Arrival
2	82	26		1
3	62	18		2, 1 on Arrival
4	129	37	1	
<b>Total</b>	<b>385</b>	<b>108</b>	<b>1</b>	<b>4</b>

### Update on Bo Children's Hospital

The message below is from Vandi Sombie when he sent his July Monthly Report. It highlights the need for ongoing support and indicates why it was a very poor revenue month for BCH.

“This period is considered one of the most difficult, when farmers (mainly subsistence) have put all their seed rice to the ground. They present with their sick children to the clinic with little or no money to pay their medical bills. On many occasions you're left with no alternative but to manage or she dies. We want to thank BCHF for their tireless support as you are aware a three year old child in Africa/SL still needs active and effective support to be able to grow healthy.

My warmest regards,  
Vandi”
